What began as a solitary house boat in 1956 has grown into a community thriving under the shade of The Bald and evolved into our home in the mountains: **Rumbling Bald on Lake Lure.**

To the left of the marina, there are several tennis courts and a small building. In the center, a sandy beach area is visible. To the right, a large, modern building with a curved roof stands out. The background is dominated by lush, green mountains with some mist or low clouds hanging in the valleys. The sky is blue with scattered white clouds.

Apple Valley Golf Course

Designed by noted golf course architect and Pinehurst native Dan Maples, Apple Valley stretches to nearly 6,800 yards and features expansive views of Bald Mountain and the surrounding Lake Lure area. Maples estimated that 75% of all shots at Apple Valley are either level or downhill, virtually unheard for a mountain course.

Shimmering mountain lakes adorn 12 holes on Apple Valley, but water only occasionally comes into play. The back nine is widely regarded as one of the best closing stretches in the Western Carolinas. The par-3 14th hole, with its shallow green and back bunker, is reminiscent of No. 12 at Augusta National. Exhilarating par 5s abound throughout Apple Valley, including the straight away downhill par-5 15th hole.

Rumbling Bald and Apple Valley are proud to be a part of North Carolina’s “First Family of Golf.” Dan Maples’ father, Ellis, was a prolific golf course designer and his grandfather, Frank, was Donald Ross’s superintendent at Pinehurst Resort. The Apple Valley golf course is unique as it offers these extra additions for your enjoyment: **coolers with complementary water, rolled towels in each cart, USB ports for your electronics.**

**Apple Valley Facilities:** retail golf shop, practice putting green, full driving range (during hours), rental clubs, and Pinnacle Southern Kitchen, an on-site full service restaurant and bar serving breakfast and lunch.

Bald Valley Golf Course

Designed by W.B. Lewis, 6,300-yard Bald Mountain is renowned for its unique configuration of five par 5s and five par 3s. Movie buffs appreciate the 16th green, the backdrop of a scene from the movie “Dirty Dancing.” A protégé of golf course architect George Cobb, Lewis is known for his traditional approach to course design. This philosophy is reflected in Bald Mountain’s playability from tee to green.

In contrast to Apple Valley, Bald Mountain is what many golf aficionados refer to as a “**true North Carolina mountain course**”. Elevation changes, particularly on the back, offer a beguiling mix of uphill and downhill shots amid a variety of doglegs and straight fairways. The majority of green fronts are open, bringing both the ground and aerial game into play.

**Bald Mountain Facilities:** retail golf shop, two practice putting greens, irons only driving range (during hours) and rental clubs.

The terrace for the reception offers coverage but still allows for beautiful views. Guests said it was the most beautiful wedding they had been to. Highly recommend. Paula is great to work with as well. Very responsive to questions. Food was delicious as well!!
