## *Born Here.*

It was in the heart of the wooded Blue Ridge Mountains, that the sheer rock-face devoid of greenery gave Bald Mountain its name. But in 1874 the mountain shook and grumbled and groaned with a series of earthquakes, so folks started calling it Rumbling Bald Mountain. Today, the ancient mountain stands watch over the north end of Lake Lure, and gives shelter to the Resort that thrives at its feet and shares its name. From a solitary boat house in 1956 to the sprawling resort community of today, Rumbling Bald Resort attracts guests from around the world to enjoy the lake, the spa, the golfing, and the sheer beauty of this incredible place. Over time, many guests have become residents, and turned a vacation into a community, a home, a place to belong – and there is a place for you here as well. Welcome to the mountain.

Our courses, each with a Golf Digest 4-star rating, are specifically manicured for world-class play and provide year-round opportunities for golfers to enjoy play among the breathtaking mountain and lake views.

**Apple Valley Golf Course** - Apple Valley opened in 1986 with rave reviews. It was called the “*most beautiful mountain golf course*” by Golf Digest. It was designed by Dan Maples, son of the great Ellis Maples, and he carved out of the valley a masterpiece. The Apple Valley course offers wide fairways and large, undulating greens. It has a layout that will take you through the valley and then up towards Youngs Mountain and then back down again. You will leave telling yourself that the back nine is one

of the most beautiful you have ever played. It is a great course for all levels of players and is a true hidden gem. Apple Valley offers EZ-Go electric carts for your enjoyment. **Bald Mountain** - Designed in 1968, by W.B. Lewis, the Bald Mountain course has stood the test of time. Playing under the shadow of Bald Mountain itself,

you can enjoy our beautiful views and first class conditions. This golf course has a unique layout with five par 5's and five Par 3's leaving you more opportunities for the elusive birdie or eagle.
